

Chinese Pan Bread

written by The Recipe Exchange | September 22, 2014

Ingredients

1 1/2 cup all purpose flour

1/2 cup of water (adjust to make thin sheet)

Combine: 2 Tsp oil, 1/3 cup chopped green onion, 1tsp salt

Directions

Spread oiled green onion over sheet, then roll up and cut into 3-4 section—depends on size.

To make the bread flat stand the section on end, depress while twisting (this makes it flaky).

Pan fry the bread with 1-2 Tsp oil depends on taste.
