

Mexican Lasagna

written by The Recipe Exchange | November 28, 2020

Ingredients

- 1 bag of Nacho Cheese Doritos
- 1 pound Hamburg
- 1 cup sour cream
- 1 cup cottage cheese
- 1 egg
- 1 pound shredded cheddar or Mexican cheese
- 1 package Taco seasoning
- 2 -8 oz cans Tomato sauce

Directions

Brown the hamburger and drain. Add sauce and taco mix, simmer on low for 5 minutes. Set aside.

Mix together in a bowl cottage cheese, sour cream, egg, salt and pepper to taste and you may add ricotta cheese if you like.

In a baking dish crush a thin layer of Doritos, then put in a layer of the cheese mixture, then a layer of sauce. Continue until all ingredients are used up.

You may, if you wish, just dump the Chips in the baking dish, drop spoonfuls of the cheese mixture all around then top with the sauce.

Just before putting in the oven sprinkle the top with the shredded cheese.

Bake uncovered at 350 for about 20 to 30 minutes or until the cheese is all melted.
